Nationality: Vietnamese

Phone: +61 041 312 3939 E-mail: ttntram2496@gmail.com thingoctramt@student.unimelb.edu.au Full resume: https://tramtran2496. github.io/my-resume/

# Tram Tran Thi Ngoc

# Education

University of Melbourne

- Master of Computer Science
- Focus on Artificial Intelligence domain
- $\bullet$  March 2021 November 2022
- WAM: **81.00/100**

Ho Chi Minh city University of Technology

- Bachelor of Engineering Honor Program
- Major: Computer Science
- Accredited by ABET
- September 2014 June 2018
- GPA: **8.37/10** (ranking in top 5% intake 2014)

## Research

### Machine Learning

## Research Interests

- Anomaly Detection for Time Series Data
- Computer Vision
- Human-centered Data Science.

# Research Experiences

# Anomaly detection in malaria surveillance data

- Research Project
- Mentor: Assoc. Prof. Nicholas Geard and Dr. Pauline Lin
- $\bullet$  March 2022 November 2022
- Automatically detecting unexpected signals in malaria surveillance data
- Exploring techniques for anomaly detection in timeseries data

# Research (continued)

• Using an integrated dataset collected in Brazil over the last two decades

#### Music Genre Classification

- Thesis
- Mentor: MSc. Truong Quang Hai
- January 2018 June 2018
- Applying machine learning algorithms to categorise the music genre.
- Accuracy rate: 0.83
- Used artificial neural network, convolutional neural network, spectrogram of sound

## Honors and Awards

- Melbourne Graduate Scholarship
- 2022
- $\bullet \ https://scholarships.unimelb.edu.au/awards/melbourne-graduate-scholarship$
- Melbourne School of Engineering Foundation Scholarship
- 2021 2022
- https://scholarships.unimelb.edu.au/awards/melbourne-school-of-engineering-foundation-scholarship

#### Vingroup Scholarship

- Vingroup Science and Technology Scholarship Program for Overseas Study for Master's and Doctoral Degrees
- Master of Computer Science program at University of Melbourne; 2021 2022
- *Vingroup* is one of the biggest private conglomerates in Asia.
- Vingroup Science and Technology Scholarship Program for Overseas Study was established to find and develop talents for leading and advancing the development of science and technology in Vietnam.
- Announcement: https://scholarships.vinuni.edu.vn/

Microsoft Youthspark Scholarship

• 2016 - 2018

# Honors and Awards (continued)

- Microsoft Youthspark is a scholarship for female students in technology. Beside financial support, the scholarship helps at soft skills such as time management, making decision and presentation.
- Announcement: https://en.hocbongnusinh.com/microsoftyouthspark-scholarship-for-women-in-technologies-2018-2019.html
- Ho Chi Minh city University of Technology Scholarship for Academic Achievement
- 2015, 2017, 2018

# Work Experiences

Viet Nam Esports

- Software Engineer
- November 2018 February 2021
- React, React Hooks, Express, Node.JS, HTML5, CSS

VNG Corporation

- Software Engineer
- August 2017 October 2018
- Angular, Node.JS, HTML, CSS, Java

Smartdatics

- Software Engineer Intern with salary
- $\bullet$  June 2017 August 2017
- React, Express, Node.JS, HTML, CSS

### Technical skills

Skills

Programming languages

• Python - Data science libraries, Prolog, Haskell, C/C++, C#, Java, Scala; others: JavaScript, SQL

Collaborative skills

- Self-learning, teamwork, research
- Agile Software Development with Scrum issued by Axon Active Vietnam

Language proficiency

English

• IELTS Certificate with overall band 6.5 issued by IDP (Nov 2019)

# List of Academic Referees

Assoc. Prof. Nicholas Geard

- School of Computing and Information Systems
- The University of Melbourne
- E-mail: nicholas.geard@unimelb.edu.au
- Supervisor for the research project in Master of Computer Science program

Prof.

Marianne Winslett

- Research Professor Emerita
- University of Illinois at Urbana-Champaign
- E-mail: winslett@illinois.edu
- Interviewer and advisor in Vingroup Scholarship program

Assoc. Prof. Pham Tran Vu

- Dean, Faculty of Computer Science and Engineer
- Ho Chi Minh city University of Technology, Vietnam
- E-mail: ptvu@hcmut.edu.vn
- Lecturer in Bachelor of Engineering program

MSc.

Truong Quang Hai

- Department of Information Systems, Faculty of Computer Science and Engineer
- Ho Chi Minh city University of Technology, Vietnam
- PhD. student at Singapore Management University (SMU), Singapore
- E-mail: qhtruong.2018@phdcs.smu.edu.sg
- Supervisor for the thesis in Bachelor of Engineering program
